

Management has received NUMEROUS calls regarding clogged or poor draining or bubbling pipes in the garden units.

Please recall that 4 units are serviced by one set of pipes: one set of pipes on the left and one set on the right.

We are getting reports of 'wads of paper' and 'lots of grease' in the pipes.

PLEASE BE MINDFUL OF WHAT YOU PUT DOWN THE DRAINS.

NO :

- Rags
- Grease,
- Wipes
- Cat litter
- Wads of toilet paper
- Paper towels.

The cost is passed on to all.
